

MD. ARIFUL ISLAM

Team Leader (SMD) – BAT Bangladesh

+8801758767967 | islamariful384@gmail.com | [LinkedIn](#) | [Portfolio](#) | Dhaka, Bangladesh

PROFESSIONAL SUMMARY

Operations leader with experience spanning production planning, manufacturing line leadership, and data-driven decision-making across FMCG and heavy industry environments. Currently Team Leader – SMD at BAT Bangladesh, driving OEE improvement, downtime reduction, and quality control on a high-speed cigarette manufacturing line. Proven track record from AKIJ Resource in improving planning accuracy (85%) and automating reporting using Power BI, cutting reporting cycle time by up to 15% across 9+ business units. Skilled in Python, SQL, and Advanced Excel to analyze large datasets and support KPI-driven performance. Strong background in Lean Six Sigma (DMAIC, 5-Why), SMED-based changeover optimization, and cross-functional collaboration across Maintenance, Quality, and Supply Chain.

WORK EXPERIENCE

Team Leader - SMD

August 2026 – Present

British American Tobacco Bangladesh (BATB) | Dhaka, Bangladesh

- Lead shift operations on a Secondary Manufacturing (SMD) cigarette line, driving OEE improvement through structured root-cause analysis (DMAIC, 5-Why)
- Coordinate cross-functionally with Maintenance, Quality, and Supply Chain to minimize downtime and maintain uninterrupted production flow
- Apply SMED principles to optimize changeover time across multiple SKUs
- Lead and develop a team of machine operators, embedding Autonomous Maintenance practices under BAT's IWS framework
- Ensure product quality (weight, circumference, draw resistance, ventilation) stays within control limits, safeguarding brand consistency across tiers.

UFLDP Management Trainee Officer – Operations (Planning)

February 2026 – July 2026

AKIJ Resource | Dhaka, Bangladesh

- Tracked KPIs and applied Lean Six Sigma across 9+ SBUs, cutting production bottlenecks and losses.
- Built Power BI dashboards for 3 SBUs (Ispat, Flour Mill, Agro Feed), reducing reporting cycle time by 15%.
- Developed Production Planning Module for Building Solutions with 85% forecast accuracy.
- Analyzed operational data via Python/Power BI to drive management decisions.
- Deployed Smart Delivery Tracking for RMC & Asphalt, improving routing and on-time delivery visibility.
- Built HR-facing UFLP MTO portal features, streamlining trainee report submissions and cutting manual review time.

Trainee Intern – Production Operations

March 2024 – April 2024

Ha-Meem Group | Dhaka, Bangladesh

- Gained hands-on experience across 4 production departments: Fabric Inspection, Cutting, Sewing, and Finishing in denim (jeans) manufacturing.
- Prepared line balancing sheets by observing operational efficiency metrics and identifying improvement factors.

EDUCATION

B.Sc. in Industrial & Production Engineering (IPE)

December 2020 – December 2025

Ahsanullah University of Science & Technology (AUST) | CGPA: **3.425** / 4.00

Higher Secondary School Certificate (HSC) – Science

May 2017 – April 2019

Feni Government College

Secondary School Certificate (SSC) – Science

January 2012 – March 2017

Feni Government Pilot High School

HONORS & AWARDS

- Runner-Up** – Research Symposium 2.0, National Abstract Competition
- 3rd Place** – Human Factors & Ergonomics Competition, 15th IEOM International Conference, Singapore
- Winner (70% Scholarship)** – ISCEA Global Supply Chain Competition (2024)
- Champion** – Excel Square, Inter-University Excel Competition (IPE Legacy15)
- Champion** – Final Year Thesis Poster Presentation, AUST (2025)
- 1st Runners Up** – Hult Prize at AUST (2025)
- National Round** – HSBC Business Case Competition (2025)
- Finalist** – Innoventure 25, Intra-University Tech-Biz Competition, AUST
- 1st Place** – IPE Product Showcasing, Spring 2023
- 2nd Round** – GP Futuremakers AI Competition, Grameenphone
- Finalist** – 3MT National Thesis Competition, Elite Research Lab LLC

SKILLS

Operations & Process Improvement: Lean Manufacturing, Six Sigma (DMAIC), Root Cause Analysis, KPI Monitoring, Production Planning & Control, Capacity Planning, Continuous Improvement, SOP Development, Supply Chain Management, Quality Management

Professional Skills: Stakeholder Management, Cross-functional Coordination, Leadership, Strategic Planning, Decision Making, Logistics Planning

Data & Analytics: Power BI, Python, SQL, Microsoft Excel (Advanced), Data Visualization, Dashboard Reporting

Technology & Software: Microsoft Office Suite, SolidWorks, Canva, n8n basic (AI Agent Automation), Machine Learning, Industrial Internet of Things (IIoT)

PROJECTS & THESIS

- ML-Based Dengue Outbreak Hospital Management & Resource Allocation System** 2024 – 2025
- Developed an integrated Machine Learning approach for proactive Dengue Outbreak Hospital Management and Resource Allocation in Dhaka South City Corporation. Claimed **Champion at AUST Final Year Thesis Poster Presentation 2025**.
- Multipurpose Ergonomic Cart – Product Design** 2023
- Designed an ergonomically optimized multipurpose cart applying Human Factors and Industrial Engineering principles to reduce operator fatigue and improve usability.

CERTIFICATIONS

- Supply Chain Planning – Coursera (2026)
- Data Analyst Job Ready Bootcamp – Data Solution 360 (2024)
- AI for Everyone – Coursera (2023)
- Excel Skills for Business: Specialization – Coursera (2023)
- Industrial Internet of Things – Coursera (2023)
- Agile Project Management – HP Life (2024)
- Circular Economy – HP Life (2024)

Industrial Exposure

- City Group – Industrial Attachment** 7 Days
- Became familiar with flour production processes, line layout, and operational efficiency factors.

EXTRACURRICULAR ACTIVITIES

- Director – Innovation & Design Wing** August 2025 – December 2025
- AUST Career Development Club**
- Led design operation team of **15 members**, drove **30% increase** in social media engagement, and organized AUST National Job Fair 2025. Introduced automated digital General member ID card feature for all members.
 - Created static design for the club activities, shared innovative thoughts on operational efficiency and administrating teams based on incoming events, and facilitated the design wing to create eye-catching designs, encouraging people to engage with club events.
- Organized AUST National Job Fair 2025.**
- General Secretary** January 2025 – May 2025
- IEOM Society – AUST Student Chapter**
- Maintained accurate records of society activities, communications, and membership. Organized and played a pivotal role in BaseCAMP & InnovaTrix: An Intra-University Tech-Biz Competition.
